

Designed especially **for women**

Quattro™ FX for Her is a light, unobtrusive full face mask, providing users with an effective alternative to conventional full face therapy.

## Benefits for you ...

### It's as easy as: **Size. Swing. Seal**

Quattro FX for Her gives you the tools to achieve the best fit for your patients—first time, every time. The custom-made sizing tool and **Swing Seal** fitting technique simplify the sizing, fitting and sealing process ... saving you time, money and additional patient visits.

### Time and cost savings

The suspension-like combination of the Spring Air™ cushion and Spring frame means forehead support is unnecessary. Eliminating an additional point of adjustment, fitting Quattro FX for Her is fast and straightforward.

### Therapy acceptance

Quattro FX for Her is designed to provide performance, comfort and a feeling of openness, helping users accept and continue therapy ... at titration and beyond.

## ... and your patients

### Quality and performance retained

New technologies in the Spring Air cushion and Spring frame offer the stability and angular adjustment provided by conventional forehead support features. Quattro FX for Her offers the quality and performance needed, in a less obtrusive full face mask.

### Freedom to be

Fewer points of contact with the face reduce the chances of skin irritation; a clear line of sight helps break down the physical and emotional barriers associated with full face therapy.

### A good night's sleep

With headgear hair management options, Quattro FX for Her fits in with her personal style ... hair can be worn up or down, and over or under the headgear straps.

## Technology highlight

### Size. Swing. Seal **NEW**

Sizing, fitting and sealing Quattro FX for Her is fast and straightforward.

The custom-made **sizing tool** provides an easy and accurate sizing process.

Once sized correctly, fitting the mask is easy too, with the **Swing Seal** technique:

- 1 Firstly position the cushion at an angle on the nasal bridge ...
- 2 ... then **swing** the lower half of the mask down against the face to **seal**.

Quattro FX for Her: fits right, seals securely ... first time.
